WASARA Bamboo Cutlery is a full line of elegantly designed, single-use dining utensils.

It is made from 100% natural bamboo, which for centuries has been the material of choice for many Japanese crafts. Lightweight and sturdy, WASARA Bamboo Cutlery has a smooth finish, and is warm to the touch. A gentle curve distinguishes each fork, knife, and spoon, yet the most unique feature is a slit on each piece, which allows these utensils to securely attach to a plate, bowl, or cup. Utensils balance without assistance, accommodating a more graceful dining experience. As with WASARA Tableware, WASARA Bamboo Cutlery is fully compostable.

- \* Biodegradable and Compostable
- \* No bleach, dye or anti-mold agent is used
- \* Designed in Japan, Made in China (Manufactured at ISO9001, 14001 authorized factory)
- \* A part of WASARA's profits is donated to the protection of forests through NPO, Eco Future Fund ([www.eco-future.net](http://www.eco-future.net))
