WASARA x Le Jardin de Tweed - GINZA Sakura Box

WASARA (www.wasara.jp) is pleased to announce that the Chanel Ginza Building roof top terrace "Le Jardin de Tweed" offers a special menu "Ginza Sakura box" (produced by Beige Alain Ducasse Tokyo) in an original tweed-patterned box, with WASARA tableware.

The beautiful box is made with bagasse (sugarcane waste) , same as WASARA tableware and designed by Shinichiro Ogata, WASARA's creative director.

Each table is decorated with bonsai-style cherry blossom trees fashioned by Takeyoshi Hosomura of the Ryu-Ryu bonsai shop, allowing you to feel as if you were enjoying a traditional cherry blossom viewing.
